

The power of Payroll Giving

*Small acts of kindness,
going above and beyond!*

Choose to make regular donations through your pay and you'll make even more of a difference, helping to fund specialist equipment, enhancing patient care, innovative research and so much more.

You'll make even
more of a difference.

If **20** staff members
donate **\$2** each pay,

you'll enhance patient experience through children's activity packs, virtual reality goggles, overnight recliner chairs and so much more.

If **30** staff members
donate **\$5** each pay,

you'll power specialist equipment like the Venue Fit Ultrasound used by Oncology, or the Vein Finders used in Paediatrics and more.

If **50** staff members
donate **\$10** each pay,

together you'll fuel vital research and innovation projects supporting cancer care, mental health research and so much more.

You can even choose how
your gifts make an impact.
